PORTFOLIO 2020

CHRISTIAN NEUMANN

Freelancer in Graphic Design
Based in Cologne / Germany

ABOUT

In his work, Christian is driven by the desire to shape the world around him using tight geometric shapes, clean typography and a focus on a crystal-clear display of information.

Since most of his customers are based within the contemporary and independent art scene a lot of his inspiration is drawn by the influence from this vivid surrounding. And as a self-described music connoisseur and co-founder of a record label, he is always looking for unique design trends and nuances beneath the surface of modern pop and dance culture.

He appreciates a direct communication with his customers and loves to present his ideas with picturesque words, as well as accompanying said ideas with fetching drafts and vibrant layouts.

His favorite color is: yes.
